Responsible Party: _____

Patient: _____

I, the undersigned, owner or authorized agent of the admitted patient, hereby authorize the admitting veterinarian (and his/her designated associates or assistants) to administer such treatment as is necessary to perform procedures considered therapeutically and/or diagnostically necessary. I also consent to the administration of such anesthetics as are necessary.

I further understand that no guarantee of successful treatment is made, and that the risks and probabilities of complications exist with any surgical or medical treatment.

I understand that charges are incurred for the services rendered, and that payment for such services is due and payable at the time they are rendered, or prior to discharge of the animal from the hospital.

Any animal not picked up within the time required by section 1843 of the California Civil Code shall be deemed abandoned by the Owner and will be disposed of according to Section 1834.5 and 1834.6 of the California Civil Code.

I understand that this action will not, however, relieve from paying all accrued charges, and all legal and/or court costs incurred in connection with collection of such charges.
